## Engineering Data Sheet

69MX/5

Concentrator for connecting multiple Entrance Panels

- **Up to 4 Audio/Video Entrance Panel inputs**

- **2 riser outputs**

- **For use in Elvox 2 wire systems utilizing Cat5 cable only**

Brand

ELVOX
VIMAR group

General Information

This is a concentrator for connecting multiple Entrance Panels (at least one panel will be a Video Panel)

The 69MX/5 has 4 inputs and 2 x riser outputs.

Up to 16 Entrance Panels can be connected by using combinations of 69MX/5 concentrators.

Conformity
EMC directive
Standards EN 60065, EN 61000-6-1 and EN 61000-6-3.
REACH (EU) Regulation no. 1907/2006 – Art.33.
The product may contain traces of lead.

Specifications

System	2 wire due fili +

Input:

Maximum input current 50mA

Minimum Input level -10dBm

Output:

Output level +16dBm

For use in systems using Cat5 cable with cores combined as per manufacturers' recommendations.

Casing Material	*Class V0 UL-94 Polymer*
Dimensions	*72 x 110 x 60mm*

Form : 69MX-5	Rev 1.0.0
