## Engineering Data Sheet

AR-331EF

Metal Biometric Fingerprint Controller

- **Illuminated Touch Panel**
- **Extra Slim Body Design**
- **Multi mode fingerprint sensor**
- **6 methods of access control**
- **63 Individual Time zones available**
- **Proximity reader, Keypad & Biometric Fingerprint reader.**

Brand

SOYAL ®

Architects and Engineers Specification

This attractive and versatile biometric controller is adaptable for all commercial & residential developments.

Specifications

Frequency	**125khz**
Reading Range	**3 – 7 cm**
Power Supply	**12VDC**
Comm Interface	**RS-485/Ethernet (By order)**
User Capacity	**16,000 (Card/Pin User)**
	500 Fingerprint users each with 3 templates.
Indicator	**2 LED & 1 Beeper**
External reader	**1 Wiegand Port**
Anti-pass-back	**YES**
Lift Control	**64 Floors, 16,000 Users**
Housing Material	**Zinc Alloy**
Keypad Material	**Illuminated Touch-Panel**
Operational Mode	**Stand-Alone/Networking**
Dimensions	**158H X 55W X 30D**
