Brand

SOYAL®  **Raytel Security
Systems Limited**

General Information

This is an encrypted Raytel branded token for use with Soyal 13.56Mhz encrypted readers and controllers. These tokens have a unique identity for use in high security access control systems.

These tokens will only function with Raytel encrypted readers and controllers. The tokens are available in box quantities of 50. All tokens are sequentially coded for ease of programming either at controllers or via 701 Client software.
